- **Area :** 2.0m<sup>2</sup>
- **Shipping weight:** 30kg
- **Shipping volume:** 0.75m<sup>3</sup>
- **Plant cells:** 22/unit
- **Plants/m<sup>2</sup>:** 8
- **Best pot size 1 ltr:** 115x97x108 deep
- **Colours:** Choose from range

## KEY ATTRIBUTES

- Recycled/recyclable
- Light weight
- Shading/cooling
- Habitat – aquatic/ waterfowl
- Ongoing supply of wetland plants
- Easy servicing/ maintenance

## APPLICATIONS

- **Water Treatment**
  - Pathogens
  - Nutrients
  - Algae
  - Shading
- Hydroponic Nursery
- Plant propagation
- Working platform
- Floating jetty
- Wave attenuation
- Recreational Activities
